

□ PMDC Student Internship Program 2025

Empowering Future Leaders of the Mineral Sector

Pakistan Mineral Development Corporation (PMDC) successfully concluded its **Student Internship Program 2025**, a two-month paid internship initiative held at its **Head Office, Islamabad**. Continuing its commitment to youth empowerment and professional development, this program offered final-year students a valuable opportunity to gain **hands-on experience** in key operational areas of the corporation.

Spanning across the departments of **Finance, Human Resources, Information Technology, Geology, and Mining**, the internship program was designed to provide participants with **practical industry exposure**, insights into organizational operations, and skill-building experiences relevant to Pakistan's growing mineral sector.

This year's internship program was actively supported and guided by **Engr. Asad Ahmed**, Managing Director of PMDC, **Syed Rashid Ali**, Chief Financial Officer, and **Mrs. Azia Shoaib**, General Manager (HR), all of whom reaffirmed the organization's vision of **bridging academia with industry** and **investing in future talent**.

A formal **closing ceremony** marked the end of the program, where the interns were awarded certificates in recognition of their dedication and contribution. While addressing the interns, **Engr. Asad Ahmed** commended their enthusiasm and encouraged them to embrace continuous learning, innovation, and professional excellence.
